Groupcall Xpressions

An exciting new service is now available for parents and carers to ensure communication from the school is easy to access and more effective in delivery. **Groupcall Xpressions** is a service created by the award-winning school communication company Groupcall Limited.

There are multiple ways to use the service, all of which are completely free. One is an app, which can be installed on a mobile phone or tablet. It currently supports both Apple iOS and Android devices and allows parents and carers to access information about their children. It has the added benefit that users can login to a website, on any device, via https://xpressions.groupcall.com and view the same information.

If you have children in different schools and those schools also use **Groupcall Xpressions**, you will be able to view information on multiple children within the same app.

How do parents and carers access Groupcall Xpressions?

Please ensure GMS has the most recent contact details on the school database, most notably the mobile number and email address. Please contact the school, by phone or email, if there is a possibility that the information has not been updated recently. Going forward, it is important that the school is informed about all new details to maintain access to the service.

How to I use the service

This couldn't be simpler, just head to:
https://xpressions.groupcall.com or go to the GMS website where there is a link on the right hand side for Xpressions.
This will go to a login page where it is simple to follow the on-screen instructions to activate an account. If users wish to download 'Xpressions groupcall', just go to an app store and follow the on-screen steps to create an account.

Support

Groupcall have provide a dedicated support website for parents and carers to help with any downloading issues for Xpressions, they will also answer any questions parents or carers may have on using the app or website: http://parents.groupcall.com

Should there be queries specifically related to the school, or data being incorrect, please contact GMS directly, via the usual methods.

When you are logged in the following information can be accessed. GMS will be adding more categories in the future.

- Attendance record
- Progress Reports
- Achievement records
- Behaviour events

- School contact details
- Childs Timetable
- School calendar
