18<sup>th</sup> February

Dear Parent/Carer,

After half term, the PE department will be running GCSE PE practical moderations for all sports which can be assessed on the school site. This is an integral part of the GCSE PE practical examination process. For each of the moderations, students will be graded in their selected position/ event for their respective sports. The moderation process will also provide the students with an opportunity to add another competitive element to their competitive logs which are inspected by the exam board.

It is compulsory that your son/ daughter attends the moderations which they are being assessed in (2 sports plus 1 reserve). Team sheets for these moderations will also be populated and posted on the fixtures board and on the school Instagram page on the Friday, prior to the event. For the moderations that are not being hosted at GMS, transport will be provided to and from the location.

For the students being assessed in an off-site activity (boxing, golf, equestrian, rowing/ sculling, skiing, swimming), they will need to submit a 20-30 minute video, evidencing all core and advance skills in isolation, as well as including as much competitive footage as possible. A meeting was held with students on Monday 6<sup>th</sup> December summarising this information, and showing them example videos. The deadline for these videos to be submitted is **Friday 4<sup>th</sup> March 2022**. Drafts of these videos can be submitted prior to the deadline if your son/ daughter would like feedback.

If you have any further questions, please do not hesitate to contact me.

Yours faithfully
