Year 10 Mock Exams and Revision Skills

Dear Parent/Carer

This has been a very positive, even if very quick, half term. I have been really impressed with the Year 10 students who continue to work hard and show excellent levels of respect and responsibility throughout their school day. I have also been very impressed with those Year 10 students who have recently really improved their work ethic for their GCSE courses.

Mock Exams:

The Year 10 mocks exams will run from **Monday 27th June- Friday 8th July**. Students will have exams in all their subjects, with the exception of Catering and Hospitality and Cambridge National IT, as students have already taken their exams in these subjects. For the first time students will experience doing exams in the hall, as they will do for their final GCSE examinations in Summer 2023. This is a great opportunity for students to understand how the process works, to appreciate the importance of planning their time and revision for exams so close together.

Revision and Independent Study Skills:

We feel that students may need some support/advice regarding revision and study skills. We would really appreciate your feedback on this as well as parents/carers of our students. If you could take a few minutes to complete the form (click on this link) to give your perspective on this and what you are seeing at home that would be really useful.

Any questions, please do not hesitate to email me,

Kind regards

Mrs Wheeler
Director of Learning Year 10
