Please note. If the School makes a Review of the Result of one of your examinations after your subject grade has been issued, there are three possible outcomes:

1. Your original mark is confirmed as correct and there is no change to your grade
2. Your original mark is raised so that your final grade may be higher than your original grade you received
3. Your original mark is lowered so that your final grade may be lower than the original grade you received

I give my consent for Mrs Chrominski to make a Review of the Result of the examination(s) listed above and agree to pay the fees that may be incurred. In giving consent, I understand that the final subject grade awarded to me may be lower than or the same as the grade that was originally awarded for this subject. If my Head of Department requests my script, I agree for teachers to use my script(s) for teaching purposes only.
