A new youth project for High Wycombe open for referrals

Information for Professionals

positive
youth

A weekly session for young people ages 12+ who need a positive and supportive environment to develop their personal and social skills as well as aspirations, own well being and self awareness.

Using a focus of creative arts and life skills we will combine creative expression with mixed media, personal development with key skills and personal development. Embedding an early intervention and prevention approach to identify and support those at risk of involvement in knife crime, gangs or drug dealing as well as illegal past times, entering criminality or displaying negative behaviours towards, peers, family or the public.

positive
youth
weekenders

Monthly targeted session for those 11-14 years old using more physical activities, positive activities and prevention topics like self awareness, personal safety, relationships etc. Embedding an early intervention approach to identify and support those at risk of involvement in anti social behaviour, vulnerabilities and possible involvement in low level crime.

positive
youth
mentoring

Supporting Positive Youth sessions there will be key youth workers as well as a specific worker who will be pinpointing individuals who would benefit from 121 mentoring. From NEET work, criminality, and knife crime, serious violence, negative street groups, county lines but also aspirations, family life, prison life, alternative life paths etc.
