HEADTEACHER: Mr K Ford

10th January 2023

Dear Parent/Carer

We have been given a fantastic opportunity to work with a local charity call Chiltern Rangers on various projects within the community and school.

The project kick starts with an in-school collaboration, students will be taken off timetable on January 23rd to work with charity volunteers to build 20 bird boxes, plant 5 oak trees, scatter wildflower seeds, and fill the gaps within the hedge row.

The students have worked hard within the school to improve our biodiversity project and we believe this collaboration will further develop our grounds making it a better habitat for wild animals and insects. The students will need to ask their subject teachers for permission to leave during their lessons and take responsibility by catching up on any missed work. The visit is organised and lead by Miss Addy.

Students will be expected to attend full school uniform as per a normal school day, however, they may want to bring in some warmer items of clothing for the outdoor planting.

They will need to be always on their best behaviour and show responsibility when taking part in this event. The visit aims to be inclusive of all students, regardless of any special educational, medical, or other need. Students have been chosen for this opportunity based on their input to the schools Eco-Award.

There is no consent required for this event, if you have any objections to your child being taken off time table for that day, then please do not hesitate to contact me.

We are very grateful to the students that take such an active role in the development of our Eco-School status and their continued efforts in making the world a better place. I hope you will also take this opportunity to thank your child for their resilience in this project.

We are actively looking for donations to our Eco-School project, our hopes in the next few months are to install outdoor water taps, plant summer bedding plants, if you are able to donate to our cause, we would be incredibly grateful. You can donate through wise pay on the below link.

Yours faithfully

Miss Addy
Eco-Schools Lead

Dear Parent/Carer,
