

KS3

Let's get started...watch this video

TEDTalk - Math is forever

SOMETHING TO READ

The Curious Incident of the Dog in the Night-Time
by Mark Haddon

The story of a gifted boy who investigates the killing of a dog and in doing so has an adventure of self-discovery

SOMETHING TO VIEW

<https://www.youtube.com/user/Vihart>

Youtuber Vi Hart offers her unique and zany insight into a range of mathematical ideas through stop motion animation

SOMETHING TO LISTEN TO

For the Love of Numbers
<https://radiolab.org/podcast/love-numbers>

Podcast from RadioLab for kids

SOMEWHERE TO VISIT

Blenheim Palace

Follow the maths trail through the gardens and house.

Bletchley Park

Visit the home of codebreaking during WWII.

Hogwarts Digital Escape room

Try your logical thinking and problem solving skills out in an escape room

SOMETHING TO DO

Design a tessellation

: Using the link below create your own M.C. Escher style tessellation.
www.tessellations.org/

SOMETHING TO WATCH

List of Maths Themed Movies

https://www.ranker.com/list/best-mathematics-movies-list/ranker-film#google_vignette

Find a film that you fancy the sound of from this list of maths themed movies

**AND FINALLY...
an act of kindness**

– Do something to positively impact and inspire maths learning! Support a fellow student in working through a maths problem or calculation, be patient and help them to make sense of what they are working through.
